Elgin, IL 60123

Dear Mr. Ramirez:

On behalf of the Board of Directors, staff and clients of the Community Crisis Center thank you for the award of \$60,000 on 11/13/17. This funding will provide partial support to direct service positions in the Economic Crisis Program, cover a percentage of our Economic Crisis Shelter costs and enable us to purchase nonperishable food for our Emergency Food Pantry which provides much needed services to residents of Elgin Township.

Since 1975 we have provided 24-hour, caring and professional services in response to requests from individuals and families affected by domestic violence, sexual assault, homelessness and other life crises. Our services include 24-hour crisis hotline; emergency shelter for 40 women and children; counseling, advocacy; financial assistance; partner abuse intervention and community education.

Our agency appreciates the many years of support Elgin Township has given our agency. Thank you for your support and even more than that thank you for the trust you have placed in us to be good stewards of your funding and trusting in our ability to provide quality services to those in need in the community we share.

Sincerely,

Gretchen S. Vapnar
Executive Director

P.S. Current laws require us to state that no goods or services were provided in exchange for your gift, making it tax deductible to the extent allowed by law. You, the donor, determine the value of the donated item(s). Please retain this letter as your official receipt for tax purposes.

Dear Elgin Township Board,

Thank you for your support of the Elgin Partnership for Early Learning (EPEL) Language in the Laundromat project. We are excited about the children and families that this will serve. EPEL works in the community to bring resources to impact the families to reduce the gaps that low socioeconomic children are experiencing, one being the language gap that is already starting as early as 9 months of age. These language differences are predictive of school readiness: strong language skills are related to cognitive growth and academic achievement.

With your support, we can serve in the community where these families frequent, as this underserved population is hard to reach and vulnerable. Many of these families choose to not enroll their children in any type of early childhood experience until they come to the school district in Kindergarten where they are already lagging behind in readiness checkpoints.

EPEL is excited that Elgin Township is partnering with us to create this community system change.

We know that learning starts at birth. There are only 2000 days between birth and Kindergarten therefore, every minute and every dollar has direct and profound impact.

Together We Can!

Most Sincerely,

Amber Peters
