Dear Mr. Ramirez:

On behalf of Elgin Township residents with developmental delays and disabilities, I would like to thank you for the \$10,000.00 social services grant. The Township's support will make a significant difference in the lives of Elgin area children with developmental disabilities and the families who love and care for them.

The number of children with a developmental disability in the US is increasing steadily. Today, one in six children in the U.S. have a developmental disability – that is 16% of all children in the country. Rates are much higher among children from low-income families, who have a nearly two-fold higher prevalence compared to those with private insurance. As more children are diagnosed each year, the demand for services is growing rapidly. The funding from Elgin Township will help Easter Seals to provide these critically needed outpatient rehabilitation therapies and services to lower income residents of Elgin Township. Locally, we served more than 295 children and their families at our Elgin site last year; more than 40% of those children and families were low-income.

President & CEO

We are fortunate to have partners like the Township who are moved by our mission of helping children with disabilities become more independent while providing support for their families. Your generous contribution plays an important role in our ability to continue to provide the high-quality services that impact so many lives.

Sincerely,

THANK YOU FOR YOUR SUPPORT!

Dear Supervisor Ramirez and Trustees,

Thank you for your **\$5,000 donation to Making Kane County Fit for Kids** that was received on December 15, 2017. We deeply appreciate **Elgin Township's** support and applaud your commitment in encouraging a culture of healthy habits for children and community collaboration!

Through the Fit Kids 2020 Plan, **Making Kane County Fit for Kids** addresses four strategic action principles that will help create a Kane County that is "Fit for Kids".

- o **Provide** parents and children with reliable, up-to-date information in multiple settings regarding healthy physical activity and eating habits.
- o **Support** a culture of wellness and health promotion in our schools, workplaces, and other institutions.
- o **Develop** land use, planning, and other public policies that foster and support physical activity for all in our community.
- o **Assure** that fresh fruits and vegetables are affordable and accessible to all families in our community.

Strategies affect all of Kane children, families and communities, with particular attention given to children most vulnerable and disproportionately affected. Every child should have the opportunity to live and grow in an environment where nutritious food and physical activity are accessible and encouraged.

Thank you for sharing this belief and making Healthy Kids a Priority!

We value your Partnership!

Elgin, IL 60123

Dear Mr. Ramirez:

I am writing you to provide a reporting of how our Elgin Parks and Recreation Foundation has disbursed the \$4,000 that you granted us last spring, through your Summer Programs for Youth at Risk Grant. As we shared in our grant application, we used the grant money the Township provided to fund the Recreation Youth Scholarship Fund, which provides financial assistance to children in Elgin whose parents cannot afford to register them for recreation programs.

The \$4,000 that you provided was distributed between the dates of July 18 and August 1. A total of 39 children participated in 69 different programs as a result of your grant to us. The various programs and services that they participated in were as follows: pool passes, Centre Jr. memberships, fitness memberships, summer camps, climbing wall classes, swim lessons, martial arts, soccer and basketball.

I want to thank you, and the other Elgin Township Trustees, for providing the grant funding so an additional 39 Elgin children could participate in the recreation program of their choice during the summer of 2017.

Sincerely,

Randy Reopelle
Board Secretary
